Approved Centre | Customer Service Statement

In respect of **all persons** attending an **OPITO approved course** commit to the following:

- To ensure that learner safety and well-being remains the highest priority at all times
- To ensure all training is conducted in a safe and controlled environment by qualified instructors
- To ensure all personnel receiving OPITO training, are aware that the Centre (as identified on the Customer Service Statement, updated and available in the Centre Portal, displayed in their premises) has the responsibility and right to intervene and stop training, when it is safe to do so, should they observe a learner in distress or their health and safety is at risk
- To ensure all learners understand their rights when receiving OPITO training, including the right to demand to stop training if they are in distress or their health and safety is at risk
- To be treated in a courteous manner at all times
- To ensure learners competence is assessed by trained and qualified Assessors (where applicable)
- To ensure training events are limited to a maximum number of learners as defined within the OPITO Standards

OPITO Role Statement

OPITO is a not-for-profit industry owned organisation, which works with employers and employee groups to set and monitor training and competence standards for the global Energy industry.

- OPITO works in partnership with approved Centres to ensure that the delivery of key safety and emergency training meet the required industry standards
- OPITO maintains a database of personnel training details which can be accessed world-wide by employers.
- OPITO training and certification is recognised in the majority of regions where the Energy industry operates, helping avoid duplicate training.
- OPITO work in partnership with employers to develop and approve systems designed to prove the competence of their employees.
